

REPORT

TO THE

GOVERNOR  
TERRITORY OF HAWAII

BY THE

SUPERINTENDENT  
OF PUBLIC WORKS

FOR THE

YEAR ENDING JUNE 30, 1932

HONOLULU, HAWAII  
Advertiser Publishing Co., Ltd.  
1933

Supervisors of the County of Hawaii for the sum of \$10,749.98 for the construction of an asphalt-macadam road approximately 2.3 miles long with an 8-foot paved area with 3-foot shoulders on each side.

### ISLAND OF MAUI

#### REPAIRS TO WAILUKU ARMORY

Plans and specifications were prepared and a contract awarded to Mr. Y. H. Char for the sum of \$3,047.38 for making some very necessary repairs to the Wailuku Armory. The building is an old frame structure and urgent repairs were made to properly house and protect the valuable Federal as well as the Territorial property. This work has been satisfactorily completed.

### ISLAND OF KAUAI

#### IMPROVEMENTS, WAILUA AIRPORT

Plans and specifications were prepared and a contract awarded to the Kauai Construction Company, Limited, for the sum of \$37,310.90 for making improvements to the Wailua Airport. The work called for grading a runway approximately 2,200 feet long, the relocating of the Ahukini Railway tracks and the relocating of a drainage ditch. This work has been satisfactorily completed.

### ISLAND OF MOLOKAI

The following work has been performed at the Kalaupapa Settlement, as provided by Act 288, as passed by the 1931 Legislature. In addition to the work performed under contract, as listed below, there was considerable work performed under informal tenders:

#### SHOP BUILDING

Plans and specifications were prepared and a contract awarded to Mr. W. S. Ching for the sum of \$7,589.73 for the construction of a Shop Building at Kalaupapa. The contract called for a building 30 feet wide and 60 feet long, with concrete tile walls, concrete floor and corrugated asbestos roofing. The work has been satisfactorily completed.

## IMPROVEMENTS TO BISHOP HOME

Plans and specifications were prepared and a contract awarded to Mr. Moses Akiona for the sum of \$39,352.50 for making improvements to Bishop Home, Kalaupapa, consisting of the construction of a Kitchen and Dining Room, New Dormitory, New Social Hall, New Laundry and Drying Room, all of frame construction with an asphalt-shingle roof and a reinforced concrete and tile heating plant with all appurtenances and a hot water circulating and distribution system for the new as well as the existing buildings. All the new as well as the existing buildings are to be connected with concrete walks and new driveways with concrete curbs and a drainage system, as well as the necessary cess-pools and a new flagstaff.

## AVIATION FIELD

Plans and specifications were prepared and a contract awarded to the Kalihi Contracting Company for the sum of \$16,850.88 for the construction of an aviation field at Kalaupapa. The work consisted of performing all the excavation and fill, the construction of a frame rest house 18 feet wide and 26 feet long, with an asphalt-shingle roof, and approximately 3,100 feet of wire fencing. The field comprises an area of approximately 16 acres and is 1,950 feet long. This work has been satisfactorily completed.

## HOSPITAL AND DISPENSARY BUILDING

Plans and specifications were prepared and a contract awarded to Mr. Russell R. Ames for the sum of \$62,141.85 for the construction of a Hospital and Dispensary Building at Kalaupapa. The building is of frame construction throughout with mineral-surfaced shingle roofs; the hospital part having overall dimensions of 131 feet wide and 160 feet long, and the dispensary 30 feet wide and 74 feet long. This work has been satisfactorily completed.

## STAFF QUARTERS

Plans and specifications were prepared and a contract awarded to Mr. Moses Akiona for the sum of \$9,960.00 for the construction of a Staff Quarters at Kalaupapa. The building is of frame
