

AIRPORT ZONING BOARD  
Minutes of Special Meeting  
Friday, September 25, 1953

A special meeting of the Airport Zoning Board was held in the Airport Manager's office, Overseas Terminal Building, Honolulu International Airport, on Friday, September 25, 1953, at 9:20 a.m.

Present: Mr. George Houghtailing, Chairman  
Mr. Olen V. Andrew, Member

Absent: Mr. Charles J. Pietsch, Jr., Member  
(Out of town)

Others Present: Mr. Mark E. Martin, Airport Manager, HAC

The Board adopted the seventh draft of the Airport Zoning Regulations prepared from the sixth draft with slight changes on recommendation of the Attorney General's office, adoption subject to final approval of the Attorney General's office. Motion to this effect was made by Mr. Andrew and was seconded by Mr. Houghtailing and carried.

The only substantial changes involved regulation No. 12 Permits with the deletion of clauses pertaining to issuance of permits resulting from change in use or new use within a hazard area. Those clauses were considered to be superfluous because of protection already provided by regulation No. 9.

The meeting was adjourned at 9:30 a. m.

Respectfully submitted,

  
George K. Houghtailing, Chairman
